Gardens

Open to the public during daylight hours.

Site News - After the hard winter we have all experienced our site is starting to recover. The flowers are blooming on our woodland burial ground and the lush greenery of the Garden of remembrance is out in full force. However not all of the plants and trees have survived the Beast from the East. We had tree surgeons here in April felling a dead tree. The cold weather was challenging for us here but together we made sure the site was accessible and safe. We had a defibrillator installed on site last month. This is situated in the office next to the first aid box.

Book of Remembrance

Our Book of Remembrance is looking wonderful, it's also a very popular option amongst families for an everlasting memorial on our beautiful site.

Memorials

We have recently received brand new memorial samples to enable us to help people choose the right memorial for their loved one.

Rachel also attended a memorial course with A K Landers in April and gained a certificate to enable us to give the best service possible to the bereaved. All our staff are now fully trained.

The Changing Seasons

Snow fall in January and February made for some beautiful photos. We also had requests from families to have the coffin placed in the window for their service with the stunning snowy backdrop of the Welsh valley. For the last few years this has been an option and more recently it has become increasingly popular. With the picturesque back drop and on occasion the odd Red Kite or two!

Our Annual Carol Service

On the 16th December 2017 we held our annual Carol service, held in remembrance of those we have loved and lost. It was open to all the public and drew in the biggest attendance we have had so far.

During the service we presented our chosen charity, HAAV with a cheque for £ 3,862.76. Mulled wine and mince pies were enjoyed by all. We would like to thank all those who attended and we hope to see you for this years service.
